

CHAPTER 12

Comment Letters

This chapter includes all comments regarding the Coastal Water Project Draft Environmental Impact Report submitted between January 30 and April 15, 2009. Comments are organized into the following categories:

- Federal government agency (F)
- State government agency (S)
- Local agency (L)
- Tribe (T)
- Affiliated group (G)
- Non-affiliated individual (NA)
- Form letter (Fo)
- Public meeting (PubMtg)

Each comment is assigned an alpha-numeric code, which is shown in the margin next to the comment. The code consists of three parts:

- the comment category (F, S, L, T, G, NA, Fo, or PubMtg, as listed above);
- the comment letter abbreviation, generally between four and six characters long and consisting either of the acronym of an organization's name or the first several letters of an individual's last name; and
- the number of the comment within its respective comment letter (1, 2, 3, etc.).

[Note To Electronic Readers: To find the individual comment letters within this large file, use the “bookmarks” within the file on the left-hand side of your screen. If bookmarks are not visible when the file is open, open the viewing panel by toggling the bookmarks icon near the upper left-hand corner of your screen.]

Alternately, you can scroll down through the file to find individual letters. The letters are presented in the order that they are listed in the table of contents for this chapter.

Comments Submitted Via Form Letter: Form Letter 1, which was circulated to members of the public both in local newspapers and as a mailer/flier, was submitted to the CPUC 157 times during the comment period. Since all submittals contained identical text and only differed with regard to the names and contact information of each commenter, only one copy of the form letter has been included as part of this document. The rest of the original submittals have not been included; however, the names of the commenters are listed below:
